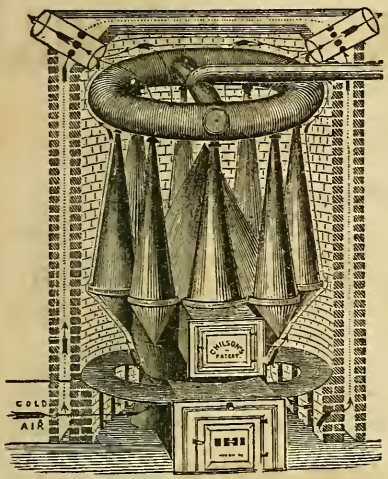
PHILADELPHIA WARMING & VENTILATING WAREHOUSE,

No. 1010 Chestnut St. above Tenth.

CHILSON'S NEW CONE FURNACE.

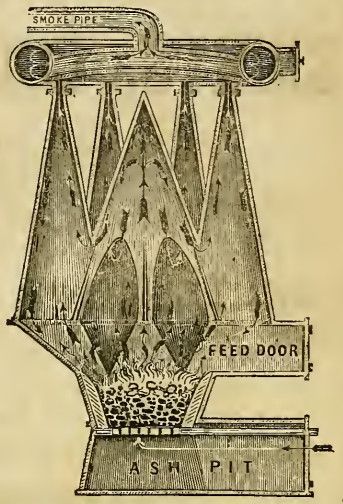
The Greatest Invention of the Age.

GAS CONSUMED, SAVING ONE-HALF THE FUEL.



Elevation of Furnace and Section of Brick Walls.

5 SIZES.



Vertical Section through the Fire Pot, Cones, and Annular Chamber, showing the action of the heat in the Cones.

This invention, the result of thirty years' close observation and strict practical experience, is now confidently presented to the public, as superior in points of *economy, capacity, durability, ease of management*, and the *quality of its heated air*, to any other apparatus extant. By it, all apartments to be heated are filled with fresh, healthful, warm air, perfectly free from the injurious effects of the common furnaces, and congenial with the most delicate constitution.

PATENTED IN THE UNITED STATES, ENGLAND AND FRANCE.

This Furnace is unparalleled for Economy; retaining the Smoke and Gases in a cluster of Cones exposed to the reflected rays of heat, acting in the tapering surfaces of the Cones—not unlike the action of the sun on the sun glasses, as the rays of heat and light are brought to a focus in each Cone, thus burning all the gases, thereby increasing the quantity of heat, and saving a large amount of fuel.

All who are desirous of obtaining the best and most economical heating apparatus, should not fail to examine the New Gas Consuming Cone Furnace, before purchasing any other. The attention of Architects and Builders is particularly requested.

CHILSON'S AIR-WARMING AND VENTILATING FURNACE.

So long and favorably known to the public as the one which took the Prize Medal at the World's Fair.

COOKING RANGES.

All the latest and Improved Patterns, together with the best of the old favorites.

PARLOR COAL GRATES.

Common and Low Down for Anthracite, or Bituminous Coal.

HOT AIR REGISTER AND VENTILATOR.

Of the most desired patterns, wholesale and retail, at manufacturers' prices.

ENAMELED STONE MANTELS.

Enameled Stone Mantels from Pennsylvania Stone. These Mantels were awarded Gold and other Medals by the World's Fair Exhibition at London; Universal Industrial Exhibition at Paris; Massachusetts Charitable Mechanic Association, and a *Special Premium* at the late Fair and Exhibition of the Franklin Institute of this city. They represent all the rare and beautiful Antique Marbles, are not injured by Smoke, Coal Gas, Oil or Acids, and are sold, Wholesale and Retail, at much less than Marble. Call and see them.

PRINTING,

OF EVERY DESCRIPTION,

EXECUTED IN A SUPERIOR MANNER.

The Decimal System of Numbering Houses.

One Hundred Numbers are set apart for each square, and the initial, or starting-points, are at the Delaware River and Market Street.

Persons can, by merely looking at the numbers on the Houses, know how many squares they are from the Delaware or Market Street.

By-Streets are numbered as though they extended to the Delaware or Market Street.

Numbers properly arranged, suggest distances to the mind; but improperly placed, they lead to confusion.
